

INSPIRING ETHICAL LEADERSHIP IN A COMPLICATED WORLD

Michael D. Huggins,
*responsible leader,
author, speaker*

Global Executive who went to prison as a responsible corporate officer is now a champion for personal and professional integrity and accountability

The culture of business has changed dramatically in the last few years and companies are racing to gain protective knowledge. Now is the time to safeguard your company's reputation, educate your employees on the dangers and pitfalls that could easily derail them, and manage and mitigate your organizational risk.

Michael D. Huggins, CEO, and Wharton graduate running a \$2 billion business, has tremendous insight and extensive knowledge on the necessary components to successfully take your company in the direction necessary for growth, productivity and risk management. Michael was a global corporate executive who successfully constructed businesses, designed support systems and shaped leadership and team building skills. He also developed processes to leverage the strengths and positive characteristics of managers into a transformative leadership style, motivating employees to achieve personal and corporate goals.

Michael is also a crisis management expert who believes leaders must take nothing for granted-offering a game-changing wake-up call, based on his personal experiences. His insights and experience can help protect, restore and increase reputations. Believing strongly in corporate and personal responsibility through community engagement, Michael founded a nonprofit program serving people impacted by trauma, addiction or incarceration. This organization has served over 60 thousand people and has been recognized as an important leader in trauma sensitive disciplines. *A sought-after speaker, trainer and consultant, Michael D. Huggins is transforming the way businesses approach risk mitigation and offers the necessary tools for building trust, responsibility, accountability and growth within any organization.*
